# Growing PREMIUM

# ECUADORIAN ROSES

**Jet Fresh Flower Growers, S.A.** is a boutique rose farm located in Cotopaxi, Ecuador. We currently grow over 60 different varieties of roses as well as produce our own line of color-enhanced designs called Hippy Psychedelic Roses and Rose Tattoos from Speaking Roses. Our farm is elevated at 2,896 meters above sea level, and sits on rich volcanic soil within a mountainous microclimate that is ideal for growing premium-quality roses. Jet Fresh Flower Growers has four generations of combined floral industry experience demonstrating a clear understanding of the needs of flower buyers worldwide by enhancing growing and packaging standards that directly benefit the flower industry.

At Jet Fresh Flower Growers, we act as one big family dedicated to serving our community. We proudly focus our efforts on increasing benefits that support and enrich our team's lives professionally as well as personally. Our team is 60 percent women, who are dedicated to our farm's success, while also supporting their families. Since we established in 2018, our farm has been providing health and wellness benefits for our team and their families, including their pets; and we offer free laundry services exclusively in-house.

### **WHOLESALE'S MINDSET**

We grow our roses with a "wholesaler's mindset," meaning that we understand the unique floral needs of wholesalers and event planners; therefore, we produce and package our roses with our standards that ensure quality, freshness and performance.

### **IDEAL CLIMATE CONDITIONS**

Our farm has a unique microclimate 2,896 meters high surrounded by hills and mountains. Our location is a thriving environment that's ideal for growing premium-cut roses.

### **NOURISHING RIVER WATER**

Our farm also benefits from the Cotopaxi volcano which nourishes our roses with fresh, cold water supplied from the volcano's natural melt.

# NATURAL ROSE VARIETIES

We are graced by the beauty of natural roses. Jet Fresh Flower Growers proudly produces over 60 different varieties of premium, natural roses that perform for life's most cherished moments. Our non-pinching boutique farm maintains the quality and consistency of our plants ensuring greater availability for these coveted varieties year-round.

### GROWING SOON

Jet Fresh Flower Growers is always looking towards the future and searching for fresh, exciting varieties to add to our growing rose catalog. Our farm has a nursery designated specifically for the testing and growing of new varieties and codes from the world's top breeders. We monitor the performance of these roses from the plant to the cut stage, and observe them very carefully before producing new varieties.

### OUR NURSERY

### BREEDING WITH THE BEST

Jet Fresh Flower Growers is proud to work with top rose breeders from around the world. Together, we share a passion for innovation, producing beautiful roses for the world to enjoy. These exceptional breeders are known for their quality and expertise, demonstrating varieties that the industry trusts and adores.

#### CURRENT BREEDER ROSTER:

## FLOR ECUADOR CERTIFIED

Our farm is Flor Ecuador Certified, demonstrating compliance in areas including employees' rights, benefits, safety and health. The certification also acknowledges our farm's sustainable growing practices, as we support the goal of reducing Ecuador's floriculture environmental impact, controlling and reducing the use of pesticides and other chemicals.

## "NO ROTATION" FARM

Our farm does not store nor rotate any inventory. Our coolers are emptied every day.

## NON-PINCHING FARM

We protect the quality of our crops by not pinching for the holidays. This standard allows us to provide availability for our varieties year-round while maintaining our plants' consistency and performance.

## SUPERIOR PACKAGING

With our wholesaler's mindset, our farm has enhanced packaging methods to prevent damage from occurring during transit. We offer four different "breathable" box sizes that don't squeeze our rose heads, and pack the roses with Chrysal's Arrive Alive and Floralive Ethylene Paper, complimentary to increase freshness in the box.

**Need custom packaging?**  
Private label or white/green generic cardboard wraps are available upon request.

### PATENTED PRINTING PROCESS

Speaking Roses has created a user-friendly and extremely reliable flower printer using processes that are of the finest quality available anywhere in the world. This state-of-the-art and efficient flower printer does not apply a sticker or a decal. The flower printer actually embosses bright or metallic colored ink directly onto fresh petals at the rate of 6-10 roses per minute. It can also personalize wooden flowers, silk flowers, silk petals, soap petals, glass, ceramic vases, and so on.

**TEAMWORK MAKES  
OUR DREAM WORK**

## **BEHIND THE SCENES**

Behind the scenes we have the opportunity of showing our team how much they mean to us. Every team member is vital in our farm's success and we continually strive to make sure that our team feel motivated and appreciated for their hard work. As mentioned earlier, our team is 80 percent women who work in different areas of the farm, putting in effort that doesn't go unnoticed. It is important to us that our team is able to support themselves and their families and have the time available to do so.

*We offer our team different opportunities to enrich their personal and professional lives such as:*

**Medical care (Annual physician check-ups for team; Vision and eyeglasses; Feminine care)**

**Free full-service laundry care provided to our team exclusively with our own equipment**

**Team-building and leadership activities**

**Women's Empowerment sessions**

**Pre-Professional internships for women, providing training for technical and strategic positions, for the Next Gen of Ecuadorian floriculture.**

**Family and Holiday-Themed Events**

**Our own soccer field for regular team games and outdoor physical activities**

**Pet Services (Spay/Neuter)**

## A MESSAGE FROM OUR FARM'S LEADER

Dear fellow rose lover,

It is a great experience in my life to lead a team that has supported me so much and to walk with them towards the top of our mountain of accomplished goals and to be accomplished. Supporting the improvement of the living conditions of the people who make our farm succeed through the benefits we provide is an incomparable satisfaction. None of this could be achieved without the support of you, our customers.

At Jet Fresh we are very passionate about the flower business, growing, improving, innovating, disrupting, always maintaining our values and vision of producing exceptional roses.

Thank you for doing business with us and we look forward to serving you further.
